

Things Forgotten

music and lyrics by Vince Reeves©

Two-bit whore
And there's blood on the floor
Murderous chaos
I live no more

Painful pleading
Incestuous breeding
The smell is rotten
So rotten my nose is bleeding

(Chorus)
Things forgotten won't be no more
Things forgotten won't be no more

No more

There's blood on my sheets
And there's blood in the streets
Lives will be taken for free
Deal can't be beat

You've seen the signs
Your life's the fine
Buy you don't care
No, you don't care
You just sit back and drink your wine

(Chorus)

*Things forgotten
The smell is rotten
Things forgotten won't be no more

Somebody showed me
What I could be
But I've forgotten
Don't you forget about me

(Chorus)*
